

PROPERTY OF THE

BEVERLY CITY DIRECTORY AND NORTH SHORE MAP

1915

KEY TO MAP

The Numbers on the Map Show the Location of Summer Residents and Shore Estates

(COPYRIGHT)

Names of owners are given, and when property is rented by others the name of the occupant is given separately. In a few cases, members of a family are given, but the list is intended to show the "head of the house."

Explanatory Note.—The numbers given in this key refer to duplicate numbers on the map. These numbers are arranged in order as nearly as possible in Bevely, as follows: Numbers 1 to 86 are on or near the shore, beginning at Hale, near Ober street, and ending near the Manchester line; numbers 87 to 161 are away from the shore, beginning near the Manchester line and ending near the northern

and western city boundaries. The rule is approximately the same in Manchester. In Wenham and Hamilton, the lower numbers are near the center of the town. Where no city address is given, the residence is, with a few exceptions, in the city or town under which the name is classified. Abbreviations: av., avenue; (b.), boards; (B.), Boston; B. F., Beverly Farms; Brook., Brookline; byd., beyond; Camb., Cambridge; Chsn., Charlestown; Comm., Commonwealth; cott., cottage; cr., crossing; (l.), leased; n., near; opp., opposite; P. C., Pride's Crossing; W. M., West Manchester; Wash., Washington.

ZONES — PARCEL POST GUIDE AND MAPS.

For parcel post purposes the United States is divided into units of area thirty minutes square. Such units form the basis of the eight postal zones. To ascertain in which zone a post office is located from the office of mailing, a parcel post guide, costing 50 cents, and map, costing 20 cents, are jointly used. The guide applies to all offices, but a separate map is required for each unit. A zone key is furnished with the guide for use in the units of area in which some of the largest post offices are located, and makes the map for those units unnecessary. The guide and maps may be purchased by sending a money order to the Third Assistant Postmaster General, Washington, D. C. Stamps are not accepted.

PREFACE

The thirteenth volume of the City Directory shows a net increase in population of over 1500, including the births, over 1914. The usual large percentage of changes has been made from the matter of last year's book, and every available means have been used to secure accuracy in the Directory. We have, as usual, made one thorough and a secondary canvass of the whole city, and present herewith the result: as complete and carefully-compiled a Directory as we believe it possible to issue. The married women's names are inserted by the special method we have adopted, and as there are now over six thousand of these, which are included in no other directory, it will be seen that for dependability and completeness, the value of this volume is not to be compared with that of ordinary directories.

The map, which has been carefully corrected again this year, shows the many new streets laid out in the city during the past few years and other changes up to date. The special information in regard to the location of the summer residences is a valuable feature of this Directory, and can be found in no other. Both key and map show the latest corrections in the district comprising Beverly, Manchester, Hamilton and Wenham.

Our thanks are tendered to all who have furnished information, and especially to our many subscribers and advertising patrons.

PURITY SPRING

DANVERS, MASS.

G. D. PEABODY, Proprietor

Letter from Robert Spurr Weston, Sanitary Expert, 14 Beacon Street, Boston, Mass.

SPRING OF MR. G. D. PEABODY, DANVERS, MASS.

This Water belongs to the so-called diuretic class, that is, water that stimulates the action of the kidneys. It is pure and absolutely unpolluted, in fact, the softest natural water I ever examined. Excellent for all dietetic purposes.

(Signed)

ROBERT SPURR WESTON.

CITY OF BEVERLY

STREET AND HOUSE DIRECTORY

Giving the location of the streets, places, parks, squares, etc., and showing what other streets and places run from them or across them, with the point at which they intersect. The system adopted for numbering the streets of the city is that a person starting at the beginning of any street, and following along with the numbers, every even number will be on the left and every odd number on the right hand, with the names of heads of families and persons in business in the order of location. The cipher (0) is used to designate houses or buildings without numbers. The dash (—) is used to show where connecting streets and avenues cross or intersect, when such intersections or crossings have no numbers, and also to designate railroad crossings and bridges, parks, etc. When there is more than one family in a house, the down stairs name is given first. Abbreviations: Ave., avenue; byd., beyond; groc., groceries; jct., junction; n., near; opp., opposite; r., rear; rep., repairing; smr., summer; s. r., summer resident; var., variety, etc., etc.

Arlington Wheat Meal.

AN UNEQUALLED FOOD FOR ALL.

Reasons why it is Preferable to Flour.

FLOUR is the only impoverished food used by mankind — impoverished by the withdrawal of the tegumentary portion of the wheat, leaving the internal or starchy portion. See the facts!

In chemistry we find that in 100 parts of substance —

Wheat has an ash of 17.7 parts;

Flour an ash of 4.1 parts, — an impoverishment of over three-quarters.

Wheat has 8.2 parts of Phosphoric acid;

Flour 2.1 parts Phosphoric Acid, — an impoverishment of about three-quarters.

Wheat has 0.6 Lime and 0.6 Soda;

Flour has 0.1 Lime and 0.1 Soda, — an impoverishment of five-sixths Lime and Soda each.

Wheat has Sulphur 1.5. Flour has no Sulphur.

Wheat has Sulphuric Acid 0.5. Flour has no Sulphuric Acid.

Wheat has Silica. Flour has no Silica.

SEND FOR CIRCULAR.

BEWARE OF IMITATIONS.

For Sale by all Grocers.

Endorsed by all Physicians as an unequalled food for Invalids and Families.

Pure Wheat Meal contains more life sustaining properties than any other food.

It is a natural food for every Brain Worker, containing the necessary Elements to strengthen the Brain.

People who live mostly upon flour will, if they use the Arlington Wheat Meal, find their expenses in this department diminished three-fourths. The Wheat Meal will go further and give four times as much nutriment as an equal amount of flour.

Laboring men can do their work with less exhaustion, because it contains more Sustaining Forces than any other food.

Children who feed on this need never be troubled with Cholera Infantum which destroys so many children.

REGIMEN AND DIET.

Every effort of the mind or movement of a muscle involves the expenditure, or waste, of nervous energy and vitality, in proportion to the magnitude of the effort; these wasted products pass off with effete substances from the body, while recuperation is effected by nutrition. The loss of *physical force* by using Common Flour is immense, which analysis proves. First, then, make use of

Arlington Wheat Meal,

(MADE FROM ALL THE WHEAT.)

A perfect food for Children, making them Strong and Vigorous — also imparts strength to the aged.

This article contains **ALL THE WHEAT**. In the coverings of the wheat are the Phosphates which go to constitute bone and muscle, and materially assist digestion by causing the rapid decomposition of the food. It is in this way the Phosphates in **Arlington Wheat Meal** act, giving new power and strength to the system.

Many cases of Dyspepsia of long duration have been cured by eating **WHEAT MEAL**, and it is a positive cure for constipation.

Dogs fed by Magendie (vide Kirks & Paget's Physiology) on flour, died in forty days; other dogs fed on wheat meal bread flourished and thrived. The three-fourths impoverishment of the mineral ingredients proved fatal to the first. Why should mankind suffer from living on impoverished food as they do?

The history of the Roman Empire in the time of Julius Cæsar, shows that wheat, as an article of food, combined with fresh out-door air life, is capable of producing and sustaining the highest type of physical manhood the world ever saw. The empire was built up and maintained by soldiers whose main article of food was wheat. — See *Boston Journal of Chemistry*, February, 1875.

EVERY BARREL GUARANTEED TO GIVE SATISFACTION.

It contains all the NITROGENIZED SUBSTANCES which PRODUCE BLOOD and the LIVING ORGANISM.
